

# Lincoln Heritage Council Service Corps

## ENGINEER DAYS

Our Camps, Camp Crooked Creek, Roy C. Manchester, Tunnel Mill and Wildcat Hollow need your help in areas of general camp cleanup and maintenance! Your unit will be able to be involved in helping your favorite camping destination in some service projects that will make our beautiful camps shine for years to come!

If you plan on attending, you will be asked to help in some way. Units will be assigned projects based on the ability of the age group and will be provided supplies to complete the project. You will need to bring a pair of gloves, weather appropriate apparel, and a good work ethic! Work projects include: cot repair, trail maintenance, weed eating, platform repair, painting, fixing walkways, picnic table repair, raking leaves, picking up trash and so much more!

Lunch will be provided to all units who preregister. ***The preregistration deadline is the Wednesday before Engineer Day.*** If you plan on camping, please contact Business Manager Susie Rausch at 502-361-2625 or [susie.rausch@scouting.org](mailto:susie.rausch@scouting.org) to reserve a campsite.
