WHAT IS STEAM DAY CAMP?

STEAM Camp is a collection of six one day programs. This is a pay by the day camp allowing participants to register for any combination of days or the full camp program. The camp is built around a daily program theme. While activities are based on Scouting's achievement and rank advancement programs, completing requirements is not the primary goal of this camp. Instead, the goal is to provide a quality program within the timeframe allotted.

CUB SCOUTS: The Cub program specializes in fun through age-appropriate hands on experiments and activities related to science, technology, engineering, arts, and math. Each day is built around a central theme. Scouts will do hands on activities and experiments related to the theme. Activities are based on the BSA's NOVA and STEM Scouts programs.

BOY SCOUTS: STEAM Camp for Boy Scout aged youth is centered around a mix of merit badge programming and STEAM related supplemental activities. Activities are centered around the Boy Scout merit badge program; however, the goal of STEAM Camp is not to complete merit badges, but rather teach Scouts about STEAM fields in a fun, engaging, and meaningful manner.

WHO CAN ATTEND DAY CAMP?

STEAM camp is open to all girls and boys who will be in the 1st through 12th grade during the 2017-2018 school year. Scouts will be paired with other campers their age and do age-appropriate activities to expose them to the exciting world of STEAM.
